

The Tool Library

- The Tool Library provides individuals, organizations, and businesses with access to an inventory of over 3,500 tools for as little as \$20/year. Based on the same principles as a public library, members can borrow tools for a week at a time. Available tools include basic hand tools like hammers, wrenches, and screwdrivers, power tools like drills, sanders, and shop vacuums, lawn and garden tools like lawn mowers, weed whackers, and wheelbarrows, and safety equipment. As a community-driven non-profit, The Tool Library is committed to helping its members safely and affordably improve their homes, gardens, and neighborhoods. Learn more, search the inventory, and sign up for a membership online at: www.thetoollibrary.org.
