

## Weatherization Assistance Program

- The NYS Weatherization Assistance Program helps reduce heating and cooling costs for income-eligible homeowners and renters by providing free services that help conserve energy and improve safety and health standards. Weatherization services include: Sealing of cracks and holes to reduce heat loss; insulation of attics and walls; heating system repairs or replacement; providing efficient lighting and refrigeration; window and/or outside door repair or replacement; minor repairs which are needed to ensure maximum efficiency of the weatherization services performed; and mitigation of energy-related health and safety issues. See below for local service provider information. For more information, visit: <https://hcr.ny.gov/weatherization>
